An update of recommended eLearning sites by the Librarian

A highly recommended site for a **guide to research** is this step by step puzzle format
<http://www.kyvl.org/kids/homebase.html>

Two bibliography sites to try are

<http://www.bibme.org/>

This one gives a variety of output styles.

You can store a number of bibliographies (great to use to maintain your bibliographies as you go along).

It automatically puts the references into alphabetical order,

<http://citationmachine.net/>

This is an Harvard author-date style bibliography maker site.

Health, self esteem, drug education and driving sites for young people

www.healthinsite.gov.au/topics/Young_People

This site explains to kids how to eat well and exercise. It also helps them to learn about relationships.

www.boostkids.com/kids.asp

This is a site concentrating on helping kids know and respect themselves as well as teaching them about relationships.

www.ama.com.au/policy/child-youth-health

This site covers topics such as drugs, alcohol, cannabis, smoking, etc

www.cyh.com/SubDefault.aspx?=159

This is a site presented by the South Australian government to promote Teen Health for teenagers.

www.caah.chw.edu.au/

This site was created by the N.S.W. government to promote a healthy lifestyle for teenagers.

www.kids.nsw.gov.au

This site is also provided by N.S.W. government and relates to the Family and the Community so it is ideal for CAFS. It also deals with some health issues.

www.arrivealive.com.au/content.php/77.html

This site aims to educate teenagers in safe driving strategies

www.drugdriving.adf.org.au/

This site aims to reduce drug problems related to driving.

www.drugs.health.gov.au/internet/drugs/publishing.nst/Content/youth-home

This is a site for the National Drugs Campaign. It aims to increase awareness of illicit drugs and the consequence of taking drugs. It provides valuable sources of reliable information.

www.abc.net.au/health/ another good sit for PE/PD/H

www.likeitis.org.au/home

A site dealing with puberty, peer pressure, contraception, pregnancy and STI's.

Analysing newspapers or TV commercials

www.mediaknowall.com/Year9/Print/9printanaly.html

This is a site about newspapers, their layout, elements of design and the role of each format used in publishing to attract the attention of the audience.

www.teachit.co.uk/attachments/1018.pdf

This site looks at all aspects of TV commercials eg cinematography, use of sound, advertising strategies etc.

Some fun activities for students to try :

<http://dailycoloringpages.com/alphabet-letters-to-print/challenging-animal-alphabet-letters-to-print/>

This site has a variety of tabs to help you select from lettering, drawing and cartooning skills to educational sites – often related to American History.
